OTHER FEATURES

Results are available immediately. What used to take hours, sometimes days, now takes only a few minutes.

No software to download, install or update. RCReports operates in the cloud simply login and begin generating reports immediately.

Need to adjust or fine tune a report? No worries! All reports have a 30 day edit window.

Fast. Did we already mention that? Not only report generation, our platform is also crazy fast.

BEYOND REPORTS

Packed with administrative features to keep you organized:

Add as many additional users as needed

Share administrative responsibilities, clients and more using customizable permissions for each user

Detailed monthly firm accounting reports for easy client tracking and billing

Client reports are stored indefinitely within your RCReports dashboard

PROACTIVE SUPPORT MEET YOUR HUGGER

Our Huggers are here to assist you as you jump in, answer your questions & elevate your ability to run reports... each of us here at RCReports spends time as a Hugger, including pinch hitting for a fellow Hugger when they're out - climbing a Fourteener.

Huggers as a concept was not our idea & to give credit where credit is due: Fullstory and Jaclyn Spangler, thanks for defining what we struggled to...
